

Unit 5 week 1

Glen is riding in his new red wagon.

I must do this math problem.

What is the method to solve the problem?

That student has a talent for acting.

My cousin has seven pet reptiles.

We can have chicken salad for lunch.

There are seven melons on the shelf.

The pants are made from denim.

Can I have a little bit of this lemon?

We will take a trip to Boston in July.

Did Frank pull the wagon?
